About me

Full-stack Web Developer from Riga, Latvia. Passionate about creating user-friendly web applications. Eager learner and active participant in tech communities. Seeking opportunities to apply skills and contribute to innovative projects.

Experience

- Worked as a Front-end Developer on freelance projects across various industries (2023 - 2024).
- Independently conceptualized and developed an online chess platform from ideation to execution.
- Developed comprehensive task management system aimed at optimizing collaboration and productivity within teams.
- Consistently tackled complex coding challenges on platforms such as LeetCode and Codewars.
- Actively participated in local coding hackathons, collaborating with team members to develop innovative solutions to real-world challenges.

Achievements

- Received an award for the Best Console Game in local hackathon organized by Datorium, (2022)
- Achieved third Place in 72nd National Mathematics Olympiad, (2022)
- Achieved second Place in 73rd National Mathematics Olympiad, (2023)
- Achieved third place in the 74th National Olympiad in Physics, (2024)

Education

- Riga State Classical Gymnasium, Electronics and Telecommunication Faculty, 2021 - Present
- Datorium coding courses, Python and Javascript, 2022
- Fireship coding courses, Next Js, 2023
- NestJS course by Dave Gray, 2023
